

Offer for Student Internships (In India).

ACG Worldwide (www.acg-world.com) is the second largest manufacturer of Hard Capsules in the world. Our subsidiary company ACG Lukaps (www.acg-lukaps.com) in Ludbreg, Croatia is the third largest of its kind in Europe.

We are looking at offering 6-12 month internships for promising Graduate Students specializing in the areas of Mechanical Engineering, Design, Electronics, Mechatronics and Robotics.

Any previous internship / project work in the above would be an advantage. Fluency in English is mandatory.

Selected candidates will be given assignments at our headquarters in Mumbai, India. These internships could have the possibility to translate into full term employment at our facilities in Croatia.

Terms of Engagement in India will include:

1. Board and Lodging in Mumbai, India.
2. Transportation to and from our facilities.
3. Monthly stipend of approximately Kunas 2,000 (INR 20,000).
4. Board, Lodging and transportation will also be provided if the Intern is required to visit any other facilities of ACG Worldwide.
5. The Intern will have to pay for his / her own round trip Airfare to India.

For the reference of prospective applicants: Two Students have recently been selected from ZSEM in Zagreb and are currently on assignment in India.

The above Internships will be flexible to the selected candidate's availability / academic schedule.

Those interested could please send a copy of their Resume with a covering letter to Rahul Anand at Rahul.anand@indo-cee-consulting.com.

Thank You,

Rahul Anand
