

The 23rd Symposium on the Theory and Practice of Shipbuilding

* Second announcement

SORTA 2018

27 - 29 September 2018
Split, Croatia

Symposium *SORTA 2018* (in memoriam prof. *Leopold Sorta*) is the perpetuation of a good custom, i.e. the gathering of those who carry naval architecture in their hearts. It is important to unite people from shipbuilding industry and science in order to present accomplishments and announce further endeavours. It is also important to teach younger generations the significance of cooperation within the shipbuilding community.

FESB, University of Split
Chair of Naval Architecture
Ruđera Boškovića 32
21000 Split, Croatia

~ TOPICS

- Ship design
- Small and pleasure crafts
- Advanced & autonomous marine vehicles
- Marine hydrodynamics
- Ship structural design and vibration analysis
- Organization and economics of shipbuilding
- Technology and protection
- Quality management
- Ship equipment and automation
- Ship repair, conversion and maintenance
- Marine transport
- Legislation, rules and standardization
- Students' projects presentations
- Technical and commercial presentations
- Advances in naval architecture software

~ REGISTRATION FEES
