

Yazaki Corporation, a family-owned company, was founded in 1929 as the first Japanese manufacturer of automobile wiring harness systems. Within the automotive business our product range includes wiring harness systems, plug connection systems and electronic systems. More than 306.000 committed and highly motivated employees in 596 locations in 46 countries make us one of the most successful international automotive suppliers with an annual sales volume of approx. 15 billion Euros. In our family-owned company people with various cultural backgrounds work together closely and trustfully. With their ideas and great dedication they contribute to our company's success.
