

# POWERING TOMORROW: BATTERY SYSTEMS SPEED DATING

Hi there!

Have you always dreamed of working in a company that's pushing the limits of science in the automotive world? Look no further! Join us for a unique event that could jumpstart your path to success!

Discover what lies ahead in our Battery Systems Engineering Department at Rimac Technology, a leading player in the EV automotive industry. We're on the lookout for talented engineering students who are eager to grow, learn, and innovate with us.

At this event, you'll get a firsthand look at our company's mission, values, and commitment to sustainability.

Get an up-close look at our Battery Systems Engineering Department, the heartbeat of our organization and learn about the exciting internship opportunities we have in store for you.

## HOW TO REGISTER?

To secure your spot, simply send us your CV and share with us why you believe you are the missing piece in our Battery Systems Engineering Department. The deadline for applications is September 27th, the end of the day.

## WHAT'S NEXT?

We will carefully review all applications and provide feedback by October 2nd.

Don't miss this chance to be a part of Rimac Technology's transformative journey into the future of electric mobility.

Stay tuned for the agenda and other details about the event,

Your Rimac Team
